2016-20	Basaveshwar Engineering College, Bagalkot Completed my graduation in Mechanical Engineering with a <u>7.9 CGPA</u>

College Projects

During graduation, I completed 2 projects one being minor and the other being major.

Minor Project,

The minor project was done during the third year of my college, the main theme of the project was to blending the used cooking oil with kerosene, as chemical and physical

properties are different, the main property we(team of 4) focused on was a flashpoint, flash point is the temperature at which liquid will form a vapor, we completed this project under the guidance of Prof.M.M.G.Math

Major Project,

The major project was done during the fourth year, the main theme is to **automate fence guarding**, the project was not intended to reinvent anything new but to minimize the cost at an optimal level, we not relayed on high software or computers but we used basic science to construct the device
